

Installation Instructions

plexishield
for restaurants

First Step

Peel the protective mask away from both sides of the panel around the slots

Second Step

Loosely install the nut and bolt onto the table clamp.

Third Step

Slide the table clamps onto the panel with the bolts going into the slots. Do not tighten the nut and bolt at this time.

Fourth Step

Carefully position the completed assembly onto the table top.

Fifth Step

Lightly tighten the clamp Knob under the table. Do not over tighten. Use supplied shims if required.

Final Step

Tighten the nuts and bolts with the tools supplied to finish the installation.

Plexiglass Barrier

Cleaning Instructions

Cleaning

Wash Plexiglass sheet with ***dish soap and plenty of lukewarm water***. Use a clean soft cloth, applying only light pressure. Rinse with clear water and dry by blotting with a damp cloth.

Dusting

Dust with a ***soft, damp cloth or chamois***. Dry or gritty cloths may cause surface scratches.

DO NOT USE

Window cleaning sprays (Windex) or household cleaners.
