for restaurants

### Step One

Loosely attach the nut and bolt provided into the two holes on each metal leg.

### Step Two

Line up the legs with the slot on the acrylic panel.

### Step Three

Peel off the protective masking on the acrylic and slide the panel into the metal legs with the slot sliding around the bolts.

### Step Four

Make sure the metal legs are flat on a table surface and the acrylic panel is seated all the way down in the slot.

### Step Five

Tighten the nut and bolt with the tools provided.

### Step Six

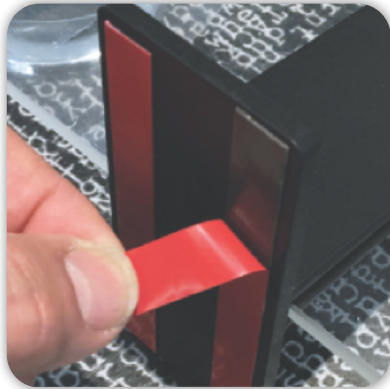

Please, DO NOT OVER TIGHTEN the nut and bolt.

Step Seven

Lay the shield down and remove the red protective cover to expose the adhesive.

Step Eight

Place the shield onto the counter in the desired location and press the feet down firmly.

# Cleaning Instructions

---

## Cleaning

Wash plexishields with dish soap and plenty of lukewarm water. Use a clean soft cloth, applying only light pressure. Rinse with clean water and dry by blotting with a damp cloth.

---

## Dusting

Dust with a soft, damp cloth or chamols. Dry or gritty cloths may cause surface scratches.

---

## Do Not Use

Do not use any window cleaning sprays (Windex) or household cleaners.
